

Nourish Circularity & Sustainability: Powering a Greener Tomorrow

www.nourish.com.bd

Powering the poultry industry with:

- 🥚 1 million tons of premium feed
 - 🥚 100 million healthy DOCs
 - 🥚 100 million farm-fresh eggs
- every year!

Nourish Circularity & Sustainability: Powering a Greener Tomorrow:

- 🥚 At Nourish, we're redefining poultry sustainability through circular innovations and eco-smart solutions:
- 🥚 Insect Protein from Kitchen Waste: Transforming scraps into premium Black Soldier Fly protein—clean, green, and future-ready.
- 🥚 Organic Fertilizer from Poultry Manure: Turning waste into wealth with eco-friendly bio-fertilizers for healthier soil.
- 🥚 Poultry Meal from By-products: Recycling hatchery and slaughter residues into high-protein feed—nothing wasted.
- 🥚 Solar Energy on Breeder Farms: Harnessing the sun to power our farms while slashing emissions.
- 🥚 Sustainable Feed & Additives: Cleaner ingredients, better nutrition—designed for a healthier planet.
- 🥚 Smart Antibiotic Use: Protecting life with responsible practices that uphold animal and human health.
- 🥚 Exceptional Feed Conversion Ratio: Setting industry standards in efficiency and perfor-

Nourish: Where innovation meets impact.
